## Holy Spirit Parent Council Meeting **Background**

### **3.0 Approval of Minutes**

The minutes of the previous meeting are posted on the Parent Council Website ([www.holyspirit.hotlunches.net](http://www.holyspirit.hotlunches.net)), click on 'Documents'.

### **4.0 Financial Plan for Parent Council**

Traditionally our October meeting is spent determining what requests by teachers will be funded. This year we will attempt to determine a direction for the parent council and how as a parents we think funds should be distributed. We also need to consider what 'functions' of the parent council we should focus on.

At the September meeting parents had a few ideas on how funds should or could be distributed. As a parent council we should be supporting the school's goals as out lined in the School's Three-Year Educatio Plan.

Please check out the school's Three Year Plan on the schools main website ([www.holyspiritcs.eics.ab.ca](http://www.holyspiritcs.eics.ab.ca)) click on General Info and look at the bottom of the left hand menu bar.

Mr. Marceau will have the list of teacher's requests available at the meeting.

### **5.0 Website Privacy**

As most of you know the Parent Council has purchased a new website for hot lunch. This website also provides us with the opportunity to improve communication with and between parents. Privacy of information has been called into question as parents have access to phone numbers and emails of other children in their own children's class. The school has asked for this personal information from the website to be removed as the direction from the school board is to post as little personal information as possible. Phone numbers and email addresses are only posted after parents have given their agreed to post it.

The question for the parent council is...do we want to be able to post this information?

This website also allows us to create an Acitivity Calendar for school and community events, a Classified Ad system for parents use and a photo gallery for school related activities. Parents can submit content for these pages but does have to be approved by the site administrator (currently Maureen Kerwin). Do we want to pursue these options or not?
